

THE HARRISON GROUP, LLC POSSIBLE FUNDING SOURCES

Battelle Ventures, L. P. - Battelle Ventures, L.P., and its affiliate fund, Innovation Valley Partners (IVP), have a combined \$255 million under management to create and accelerate the development of early-stage technology companies with breakthrough solutions to key market problems. The funds enjoy close relationships with the technology transfer offices of the National Laboratories that Battelle Memorial Institute (Battelle) manages or co-manages for the U.S. Department of Energy. They also have established similar associations with a number of university tech transfer and commercialization departments.

Boise Angel Alliance/Fund - The Boise Angel Alliance exists to foster angel investing in Idaho by linking investors seeking to invest in high-growth potential early stage Idaho companies with entrepreneurs seeking investment capital.

The Boise Angel Fund is a sub-group of the Alliance with dedicated capital for investing in high potential Idaho companies. The Fund leads all deals considered by the Boise Angel Alliance and invests upon a vote of the members of the Fund. Members of the Alliance may invest side-by-side with the Fund under the same terms.

The Boise Angel Fund is a member of the RAIN Fund Network. The RAIN Fund Network is a multi-state network of 23 RAIN Funds that work with angel investors interested in supporting growing companies. The Boise Angel Alliance is also a charter member of the Angel Capital Association (ACA) and a member of the NW Chapter of the Angel Capital Association.
